Erasmus+ KA2 - Strategic Partnerships for School Education

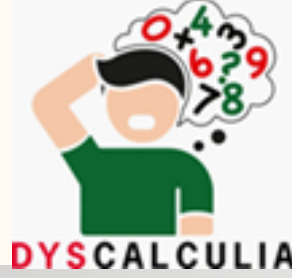

The morning session commenced with a presentation on the Final Meeting prepared by Ayşe Karakılıç. Rezzan Gizir, one of the project coordinators, provided a detailed overview of the project's phases, from activities to outcomes. The curriculum designed for individuals with dyscalculia was reviewed during the session. This comprehensive guide, divided into four modules, was created to serve as a resource for teachers. Following the introduction of the guide, Abdullah Kocabay presented the e-Learning module, another key output of the project, to all partners.
